The new myHearing App.

With your new Signia hearing aid, you now experience even more than the best hearing aid technology. You also enjoy the gold standard in support through guided assistance, personal progress monitoring and CareChat communication with your Hearing Care Professional, wherever you are.

The myHearing App works with almost all Signia hearing aids.

Hearing success made simple.

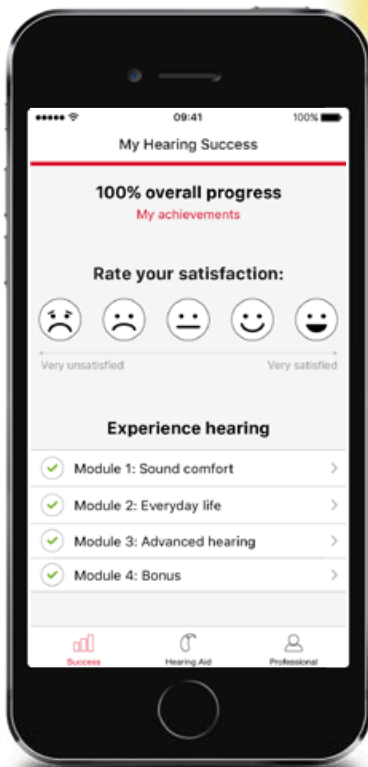

The myHearing App provides you with all the support tools you and your Hearing Care Professional need to guide you through a successful trial. Save time on unnecessary appointments and become an experienced hearing aid wearer in as little time as possible.

**In as little as ten minutes a day,
myHearing App helps you.**

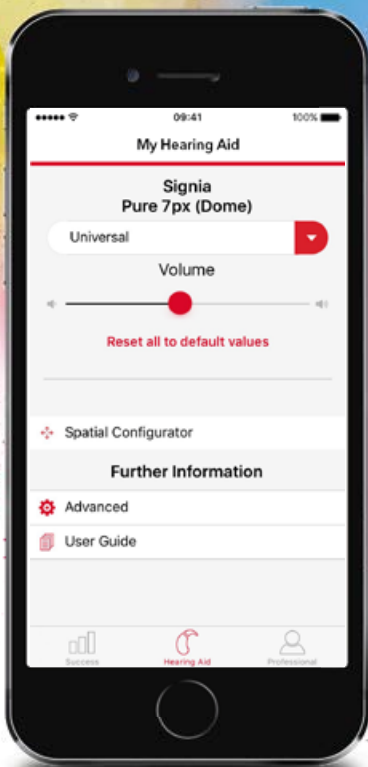

- Learn about your hearing aids so you become familiar with them more quickly.
- Provide feedback on your experience for better individualization.
- Communicate with your Hearing Care Professional via text, voice or video CareChat for a new standard in personal support.

myHearing App works with most Android and iOS devices.

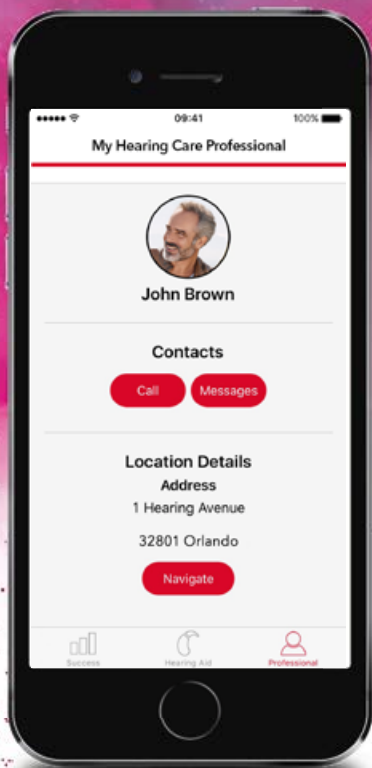

My Hearing Success: Get the most out of your new hearing aids quickly.

- Rate your new hearing aids' performance across a range of tasks to make sure they work for you.
- Let your Hearing Care Professional see your feedback to optimize the settings.
- Learn at your own pace via the myHearing App so you never miss something important about your new hearing aids.

My Hearing Aids: Address minor issues with ease.

- **Make minor adjustments to essential functions such as volume and programs when needed.**
- **Find answers to the most common questions easily within the myHearing App: All answers are specific to your type of hearing aid.**

My Hearing Care Professional: Get help immediately without visiting the store.

- Got a question? Need advice? Simply contact your Hearing Care Professional and they will get back to you.
- Receive advice and troubleshooting help wherever you are.

Visit myhearing.com for download information and videos on how to use the app.
